Write **NO MORE THAN ONE WORD** from the listening for each answer.

Karen and Denis' Study Year in Australia

Denis and Karen have received confirmation of their study year in Australia. They had a number of questions, the first of which regarded the credits for their time studying there. Karen will receive 3 credits for her minor language study of (21) _____. All credits will require success in (22) _____ in main and minor language studies. The Australian university will confirm all credits-related information, so the students do not need to bring back (23) _____. Denis will receive credits for his study of Spanish, but not environmental studies, as accredited language courses are the only ones that count towards his degree choice. Denis can make up credits by studying courses in his holiday sessions. Denis and Karen don't need to do the (24) _____, but they'll need to prove to their (25) _____ that they've been working on their special investigation assignment, or they won't be admitted onto their courses on their return.

Questions 26 – 28

Answer the questions below.

Write **NO MORE THAN TWO WORDS** from the listening for each answer.

- 26** What is the main language that Karen studies at university?
- 27** What does Karen's tutor say that some word-like vocalisations by ten-month-old infants are used for expressing?
- 28** What context is very common when children start to use their first recognisable words?

Questions 29 and 30

Complete the table of the two studies on child language word acquisition below that the tutor talks about.

Write **NO MORE THAN TWO WORDS AND/OR A NUMBER** from the listening for each answer.

Milestone	Nelson 1973	Fenson 1993
	(18 children)	(1789 children)
10 words	15 months	13 months
50 words	20 months	(29) _____

SECTION 4 Questions 31 – 40**Questions 31 – 35**

Complete the notes below.

Write **NO MORE THAN ONE WORD** from the listening for each answer.

Myers-Briggs Personality Type Indicator

The Myers-Briggs Personality Type Indicator uses the theories of the Swiss psychologist Carl Jung to explain (31) _____ in people's behaviour. It shows that such behaviour is consistent in people, dependent on individuals' perception and judgement.

It was developed by Isabel Myers and her mother Katharine Briggs and it can be taken by any individual or used by large or small companies. Respondents complete a (32) _____ on how they view the world around them. A personality type is assigned dependent on the answers.

The assigned personality type is based on four functions (one is (33) _____):

sensation - intuition
feeling - thinking

The type also depends on the respondents' attitude - introverted or extroverted. Companies can use the knowledge of their employees' type in a number of ways:

managing others	leadership skills development
organising tasks	team creation and management
management and staff training	conflict resolution
motivation	executive coaching
diversity	recognition and rewards
change management	

Companies can also suit workloads to employees' styles and help them in ways such as:

time management	coping with workplace culture
problem solving	new skills development
best approaches to decision making	understanding participation on teams
(34) _____ management	coping with workplace change

Companies can also understand customers better when (35) _____ is involved:

how customers like to learn about products and services.
how customers like to interact during the process of gathering information.
making decisions.

Questions 36 - 40

Complete the sentences below.

Write **NO MORE THAN THREE WORDS** from the listening for each answer.

- 36** The best setting in which to feedback test result information is a _____ situation.
- 37** _____ from respondents must be obtained before the results of tests can be shared with third parties.
- 38** Results of the test should only be used to _____ individual or group functioning and not to label, evaluate, or limit anyone.
- 39** A _____ of the indicated type should be given to the respondents, so that they understand their type.
- 40** If only research is being conducted, individual results are not necessary, though feedback to respondents asking for it is _____.
